ENEDA XHAMBAZI FULL STACK SOFTWARE DEVELOPER

✉ enedaxhambazi@gmail.com 📞 201-956-1998 📍 Manchester, NH 🌐 eneda.dev 🔗 eneda ⚙ eneda8

SUMMARY

Results-driven Full Stack Developer with expertise in JavaScript, TypeScript, React, Node, and REST APIs.
Proven track record of building responsive web apps and designing intuitive, user-friendly interfaces. Proficient in backend technologies like NPM and Express/Node and frontend frameworks and libraries such as React and Bootstrap. Strong collaborator with a meticulous attention to detail and a keen eye for design aesthetics. Committed to collaborative teamwork, continuous learning, and driving business success.

TECHNICAL PROFICIENCIES

PROGRAMMING LANGUAGES: JavaScript (ES6+, Node), TypeScript, Python 3, HTML5, CSS3/Sass

FRAMEWORKS & LIBRARIES: Express.js, React.js, jQuery, Bootstrap, Bulma

TOOLS: MongoDB, MySQL, Git, Netlify, Heroku, Vite, Webpack, Cloudinary

SKILLS: Full Stack Development, Database Management, Responsive Design, User Experience, Problem-Solving, Project Management

RELEVANT EXPERIENCE

AI Trainer (Part-time/Contract) | Remotasks | San Francisco, CA (Remote)   Jan 2024 - Present
- Collaborate on optimizing and training large language models (LLMs), driving improvements in generative AI for enhanced code quality.
- Contribute to projects addressing discrete and variable problems, leveraging AI models to evaluate, enhance, and innovate code quality standards.
- Conduct comprehensive code reviews, offering accurate feedback on style, formatting, readability, and coherence.
- Evaluate code design and implementation for adherence to best practices, focusing on clarity, maintainability, functionality and performance (compilation, execution output, and overall efficiency)
- Design, develop, and refine AI-generated text prompts, optimizing prompt performance and improving the AI prompt generation process for various applications.

Software Developer | t'day | Remote   Mar 2021 - Present
- Develop and maintain a dynamic web application using a combination of front-end and back-end technologies.
- Utilized JavaScript, Node.js, and Express.js to build the server-side functionality of the application. Utilized MongoDB as the database for efficient data storage and retrieval. Integrated third-party APIs to enhance functionality and provide additional features.
- Created a platform that allows users to share and engage with content in a secure and anonymous manner. Implemented security measures and encryption to protect user privacy and data.
- Ensured a responsive design to provide a seamless experience across different devices.
- Implemented data visualization to provide users with meaningful insights.
- Iteratively refined functionality based on user testing and feedback to ensure a seamless and user-friendly application.

ADDITIONAL EXPERIENCE

Executive Assistant | Ennead Architects **|** New York, NY   Sep 2018 - Jan 2020
Administrative Assistant | Trust Company of the West **|** Los Angeles, CA   May 2015 - Feb 2016
Executive Assistant | Fader & Associates **|** Teaneck, NJ   Jul 2014 - Feb 2015

EDUCATION & CREDENTIALS

The College of New Jersey | Ewing Township, NJ   Aug 2010 - May 2014
B.A. in Psychology, Minor in Creative Writing
Summa Cum Laude (4.0 GPA), *Phi Beta Kappa* Society,
Published in *Political Psychology* (2013), Peter Wood Award in Creative Writing

Technical Coursework   Jan 2020 - Present
Successfully completed 200+ lecture hours across 8 online courses/bootcamps. Deployed 10 projects, including 2 full-stack web apps.
